**ANNOUNCEMENT OF AN OPEN CALL
FOR PROJECTS UNDER THE AEGIS OF THE PI GROUP: SCIENTIFIC HYPERJUMP INITIATIVE**

As part of ITMO University's Development Strategy for 2021-2030, ITMO University announces the open call for projects focused on the creation of new and the enhancement and development of existing groups of young researchers and developers under the supervision of principal investigators (PIs) to be supported via funding from the Priority 2030 program.

The **main aim of this open call** is the selection and support of projects focused on the creation of PI groups that produce new specialists in the field of science and showcase established methods and practices as projects, as well as module and educational programs. The ultimate goal of this open call is to **produce highly-qualified young researchers** and developers from among **school and university students** by involving them in research projects and allowing them to become immersed in actual research work at its earliest stages.

Teams made up of representatives of ITMO University or other organizations **can take part** in the open call if they correspond to the requirements of the tender specifications.

You can find more **information on the open call**, as well as the **tender specifications**, on the official website <https://2030.itmo.ru/en>.

Application deadline: November 25, 2021, 5 PM (MSK)

Applications are to be submitted online on the official website of ITMO's 2030 Development Strategy <https://2030.itmo.ru/en>. All requirements are established in tender specifications.

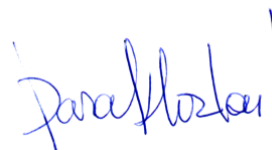

Open defenses of projects that have passed the expert evaluation procedure as per the tender specifications will be held no later than **December 9, 2021**.

Information on the results of the selection will be published at ITMO's 2030 Development Strategy website <https://2030.itmo.ru/en> no later than **December 13, 2021**.

The Development Strategy Board is responsible for organizational, technological, informational, methodological, and analytical support of the open call for projects. **Contact info:** +7 (812) 457-18-07 (internal number 4401); email priority2030@itmo.ru.
