-  University of Amsterdam (the Netherlands)
-  University of Arizona (the USA)
-  Ghent University (Belgium)
-  University of Lorraine (France)
-  Pompeu Fabra University (Spain)
-  University of Seoul (South Korea)
-  École Polytechnique Fédérale de Lausanne (Switzerland)
-  Universidade Federal do Espírito Santo (Brazil)
-  Hangzhou Dianzi University (China)
-  Huazhong University of Science and Technology (China)

and 170+ other partner universities around the world

Founded on

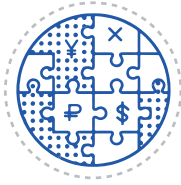

March 26, 1900

LOCATION

ITMO University is located in St. Petersburg

ITMO UNIVERSITY'S KEY RESEARCH AND EDUCATION UNITS: SCHOOLS AND INSTITUTES

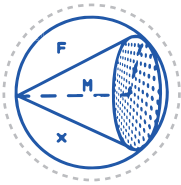

School of Translational Information Technologies

- Big Data, machine learning, cloud computing
- Artificial intelligence, cognitive technologies, neurotechnology
- Wireless communication technologies
- Digital healthcare and urban studies

School of Computer Technologies and Control

- Cyberphysical systems
- Robotics and adaptive control
- Data- and cybersecurity
- Virtual and augmented reality technologies

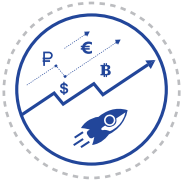

School of Photonics

- Photonics and optoinformatics
- Quantum technologies
- Laser and light technologies, optoelectronics
- Metamaterials
- Bioengineering

School of Biotechnology and Cryogenic Systems

- Food biotechnologies
- Cryogenic technologies
- Chemical engineering, nanopharmaceutics, infochemistry
- Nanobiotechnologies

Faculty of Technological Management and Innovations

- Technological innovations management
- Business informatics
- Investments in technological sector
- Intellectual property protection

Institute of International Development and Partnership

- Art & Science
- Science communication
- Humanities and IT
- Data, Culture and Visualization

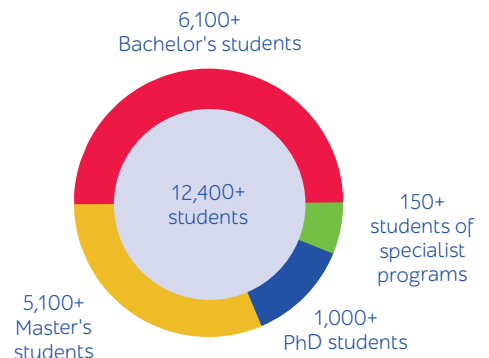

OUR STAFF

3,900+ staff members

1,000+ academic staff

150+ international members of academic staff

OUR STUDENTS

2,100+ international students

EDUCATIONAL PROGRAMS IN 2019

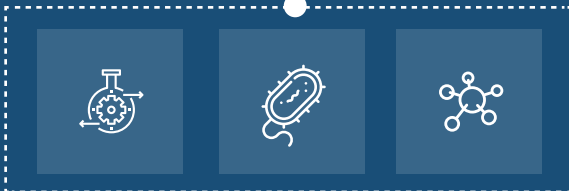

25 Bachelor's programs

70+ Master's programs

40+ PhD programs

30+ double-degree Master's programs

20+ international Master's programs taught in English

```
void check_pass (string password) {  
    string itmo_pass = "*****";  
    ...  
int main() {  
    getline(cin, itmo_pass);  
    ...  
    return 0;  
}
```
