# ITMO UNIVERSITY IN NATIONAL PROJECTS

#### Advanced Engineering School

Provides training for unique specialists of a new kind (principal engineers) who possess the competencies needed to accelerate the transfer of new digital tech into the real economy.

. . .

#### Technology Transfer Center

Creates and introduces effective mechanisms for the commercialization of IP and support of nation-wide technology transfer initiatives.

# Gazprom-ITMO industrial center

Implements full-cycle innovative projects that correspond to global trends and aim to achieve technological sovereignty in the oil-and-gas sector.

• • •

. . .

#### priority2030<sup>^</sup>

• • •

leaders are made, not born

ITMO 2030 is an open-source university.

OX

#### Startup studio

Transforms the university's student environment into a venue for the practical training of future entrepreneurs and development of new startups.

OX

FUND FOR INFRASTRUCTURE AND EDUCATIONAL PROGRAMS RUSNANO Group

# ITMO UNIVERSITY IN NATIONAL PROJECTS

**ITMO** 

#### Research Center "Strong Al in Industry"

Works on full-cycle development of a range of applied systems based on strong AI elements – all for the use in conceptual engineering and industrial facility management.

#### **National Center** for Quantum Internet

Develops and operates Quantum Communications Platform – a digital hardware-software platform solution seen in action as part of the Moscow -St. Petersburg "quantum highway".

OX

#### National Center for Cognitive Research

Main goal: to develop a domestic ecosystem for the creation and integration of machine learning and cognitive technologies in the establishment of high-tech products and services.

#### ITMO University boasts one of Russia's top innovation infrastructures

2,000+

applications submitted

business theses defended by project teams

320+ million rubles

in Startup Studio funding

150+ million rubles

in investments raised by Technopark residents

**50**+

projects in the field of FoodTech

- 2021: the first startup studio in Russia is launched.
- 2021: Technology Transfer Center is established.
- April 2022: the startup Merkelbot is accepted by the major international accelerator Techstarts.
- May 2022: Energy HUB, a joint contest with Gazprom Neft and one of the country's largest events for university-based startups in the energy sector, is held.
- September 2022: the launch of a joint acceleration program with Uralchem Innovation.
- Thanks to support from the Ministry of Science and Higher Education, ITMO takes part in the federal project for support of academic technological entrepreneurship and wins the tenders for:
  - o establishment of acceleration programs;
  - o organization of professional skills-focused training courses;
  - o development of startup studios.

We are the world's only seven-time winners of ICPC!
